

TRANSMITTAL SHEET FOR  
NOTICE OF INTENDED ACTION

Control 335 Department or Agency Environmental Management  
Rule No. 335-1-6-.07  
Rule Title: Payment of Fees (Schedules A-J)

         New   **X**   Amend          Repeal          Adopt by Reference

Would the absence of the proposed rule significantly harm or endanger the public health, welfare, or safety? **YES**

Is there a reasonable relationship between the state's police power and the protection of the public health, safety, or welfare? **YES**

Is there another, less restrictive method of regulation available that could adequately protect the public? **NO**

Does the proposed rule have the effect of directly or indirectly increasing the costs of any goods or services involved and, if so, to what degree? **YES-INDIRECTLY VERY MINOR**

Is the increase in cost, if any, more harmful to the public than the harm that might result from the absence of the proposed rule? **NO**

Are all facets of the rulemaking process designed solely for the purpose of, and so they have, as their primary effect, the protection of the public? **YES**

\*\*\*\*\*  
Does the proposed rule have an economic impact? **YES**

If the proposed rule has an economic impact, the proposed rule is required to be accompanied by a fiscal note prepared in accordance with subsection (f) of section 41-22-23, Code of Alabama 1975.

\*\*\*\*\*  
Certification of Authorized Official

I certify that the attached proposed rule has been proposed in full compliance with the requirements of Chapter 22, Title 41, Code of Alabama 1975, and that it conforms to all applicable filing requirements of the Administrative Procedure Division of the Legislative Reference Service.

Signature of certifying officer Mandy Elliott

DEPARTMENT OF ENVIRONMENTAL MANAGEMENT  
GENERAL ADMINISTRATION DIVISION

**NOTICE OF INTENDED ACTION**

**AGENCY NAME:** DEPARTMENT OF ENVIRONMENTAL MANAGEMENT

<b><u>RULE NO. &amp; TITLE</u></b>	335-1-6-.04	Permit Application Fees (Amend)
	335-1-6-.05	Water Quality Certification and Coastal Area Management Certification Fees (Amend)
	335-1-6-.07	Payment of Fees (Schedules A-J) (Amend)

**INTENDED ACTION:** The Alabama Department of Environmental Management proposes to amend rules 335-1-6-.04, 335-1-6-.05 and 335-1-6-.07 of the Administrative Code.

**SUBSTANCE OR PROPOSED ACTION:** The proposed action of rules 335-1-6-.04, 335-1-6-.05, and 335-1-6-.07 would increase the Department's permit fees.

**TIME, PLACE, MANNER OF PRESENTING VIEWS:**

Comments may be submitted in writing or orally at a public hearing to be held September 21, 2011, at 10:00 a.m. in the Hearing Room at the Alabama Department of Environmental Management, 1400 Coliseum Blvd., Montgomery, AL 36110.

**FINAL DATE FOR COMMENT AND COMPLETION OF NOTICE:** October 5, 2011.

**CONTACT PERSON AT AGENCY:** Russell A. Kelly (334) 271-7715

  
\_\_\_\_\_  
Lance R. LeFleur  
Director

**335-1-6-.07 Payment of Fees.**

(1) Payment of permit application/registration fees required under subparagraphs (1)(a) and (1)(b) or paragraph (2) of rule 335-1-6-.04 shall be included with the permit application/registration. No permit application shall be processed without payment of such fees.

(2) Any fee required under subparagraph (1)(c) of rule 335-1-6-.04 shall be billed to the applicant. Payment of such fee shall be made within thirty days of the invoice date. No final decision regarding the permit application shall be made until after payment of such fee. Failure to make payment as provided herein shall constitute cause for non-processing/denial of the permit application.

(3) Payment of fees required under rule 1-6-.05 shall be made within thirty days of the date of the invoice which the Department shall send to the person making the application or request or requiring the certificate.

(4) Payment of fees required under rule 335-1-6-.06 shall be included with the application for such license, variance or certification. No application shall be processed without payment of such fees.

(5) All fees paid pursuant to the requirements of this chapter shall be non-refundable.

(6) All fees and remittances shall be made payable to the Alabama Department of Environmental Management.

**Author:** Marilyn Elliott, Russell A. Kelly.

**Statutory Authority:** Code of Alabama 1975, § 22-22A-5.

**History:** February 13, 1985.

**Amended:** January 16, 1997; March 31, 1999; January 9, 2002; May 16, 2002; October 4, 2002, August 4, 2004; January 10, 2006; July 11, 2006; November 14, 2006; January 22, 2008; January 19, 2010; XXXXXX, 2011.

## **FEE SCHEDULE C (Continued)**

### **EXPLANATORY NOTES**

- (1) Fee applies to initial unit (design) of a given type at a facility.
- (2) Fee applies to additional designs and/or units of the same type unit or process at a given facility.
- (3) Refer to rule 335-14-8-.04(3) for classification of minor mods. Each separate mod request requires a separate fee payment. Multiple changes to a permit consolidated in one mod request will be charged a single fee for each applicable unit. (e.g., A facility permitted for container storage and a landfill who requests modifications to both units will be charged the appropriate fee for each unit.)
- (4) Refer to rule 335-14-8-.04(2) for classification of major mods. Each separate mod request requires a separate fee payment. Multiple changes to a permit consolidated in one mod request will be charged a single fee for each applicable unit. (e.g., A facility permitted for container storage and a landfill who requests modifications to both units will be charged the appropriate fee for each unit.)
- (5) If clean closure is not attained and a post-closure permit is required, then the cost is credited to the post-closure permit fee. Closure plan fees shall be charged per unit to be closed.
- (6) Fees for miscellaneous units (rule 335-14-5-.24) and for other units not specifically listed shall be assessed based on the fees established for the permit type most closely analogous to the activity in question. For example, an open burning/open detonation unit would be assessed fees for thermal treatment; a stabilization unit would be assessed fees for treatment; etc.
- (7) Fee applies to all treatment units except land treatment units and thermal treatment units.
- (8) Fee applies to incinerators, boilers, industrial furnaces, and other thermal treatment units.
- (9) Fee applies to each hazardous waste management unit which is subject to post-closure permitting requirements. Multiple units which are closed under a single (common) cap will be charged the fee for a single post-closure unit. Fee also applies to certification of post-closure plans required by order.
- (10) Fee applies to permits which include solid waste management unit (SWMU) requirements (pursuant to ADEM Admin. Code rs. 335-14-5-.06(12), 335-14-5-.19, 335-14-8-.02(5)(d)), but do not include regulated hazardous waste management unit requirements. This fee applies to facilities which have completed all closure and post-closure requirements for regulated hazardous waste management units, but do not complete all SWMU requirements.
- (11) Fee applies to modifications which are not unit specific (i.e., mods not affecting the unit type, design, or configuration). Examples: contingency plan changes, transfer of ownership, personnel training plan changes, changes to groundwater monitoring system, etc.

## **FEE SCHEDULE C (Continued)**

### **EXPLANATORY NOTES**

- (12) Additive fees are levied in addition to base application fees as applicable. Total fees due are sum of base application fees and additive fees applicable to a given facility/application.
- (13) Initial fee applies to the first contaminant plume at a facility. The additional unit fee will be charged for each additional, separate plume at the same facility.
- (14) Fee applies to each trial burn performed.
- (15) Initial fee applies to the first investigation at a facility imposed by the Department under ADEM Admin. Code r. 335-14-5-.06(12). The fee is applicable at the time the investigation is imposed. The additional unit fee will be charged for each additional, separate investigation at the same facility (e.g. an investigation of a newly discovered area of contamination). This fee is also applicable to any investigation required by statute or order that is designed to assess the extent of contamination at a facility or a single unit within a facility.
- (16) Fee applies to each separate corrective action program proposal or corrective measures implementation plan submitted. CAPs which integrate multiple technologies (e.g., pump and treat, biological, chemical, physical, etc.) into a single system shall be charged a single fee for the system. Facilities which have multiple separate programs (e.g., two separate groundwater contamination plumes, one remediated using pump and treat and the other using vapor extraction) shall be charged a separate fee for each separate system. This fee is also applicable to passive corrective measures (e.g. land-use restrictions, monitored natural attenuation).
- (17) Fee applies to each separate corrective action management unit (CAMU) designated/approved at a facility. This fee is in addition to any other fees applicable to any hazardous waste management units included within a CAMU.
- (18) Fee determined based on type of units (Storage - \$3,4004,045; Treatment [except Land Treatment] - \$4,0704,850; Disposal/Land Treatment - \$8,1609,710).
- (19) Fee applies to facilities which receive hazardous waste from off-site sources (e.g., commercial facilities).
- (20) Fee applies to thermal treatment units required to conduct indirect risk assessments.
- (21) Initial fee applies to the first CS work plan at a facility. The additional unit fee will be charged for each additional, separate CS workplan at the same facility.
- (22) Initial fee applies to the first IM work plan at a facility. The additional unit fee will be charged for each additional, separate IM workplan at the same facility.
- (23) Initial fee applies to the first CMS work plan at a facility. The additional unit fee will be charged for each additional, separate CMS workplan at the same facility.
- (24) Fee is charged per each RFA Report prepared for a given facility.
- (25) Base application fee calculated for 10-year permit period.

<del>7. Base Fee – Greater than 100 acres</del>	<del>\$1,400</del>	<del>\$240</del>	<del>\$170</del>

~~1/ A Major Modification Additive Increment Fee is required for a request for Major Modification of an existing registration approval or authorization. The increment fee is additive as the disturbed area expands or the permitted area is modified from an existing permitted category through subsequent category(s) and when a new receiving waterbody or waterbody segment is added that was not identified on the NOR/NOI upon which existing permit coverage approval was granted.~~

~~2/ An Impacted Watershed Additive Increment Fee, required for all registrations/authorizations for projects discharging to any Tier 1 water, shall be submitted with each initial registration/authorization request, and each Major Modification Request, and each subsequent annual registration/authorization request. The increment fee is additive as the disturbed area expands or the permitted area is modified from an existing permitted category through subsequent category(s) and when a discharge to a Tier 1 water is added that was not identified on the NOR/NOI upon which existing permit coverage approval was granted.~~

<u>Description</u>	<u>Annual Registration/Authorization</u>	<u>Major Modification</u>
<u>Additive Greenfield Fee</u>	\$750	—

~~A Greenfield Fee is not required if continuing education certification acceptable to the Department is submitted with each initial registration/authorization request, each annual registration/authorization request, or each Major Modification Request, and as otherwise required by the Director or his designee.~~

Initial Registration Fee Applicability

~~The initial annual registration fee required under this fee schedule shall not apply to the initial registration request/approval for a construction site granted authorization under General Permit ALC610000 in writing by the Department that is subject to and remits the authorization fee required pursuant to Fee Schedule F, after the effective date of Fee Schedule F and prior to the effective date of the ADEM Phase 2 construction stormwater management program.~~

Credit/Debit Card Processing Fee

~~If approved by the Department, any fee paid by credit/debit card in conjunction with electronic submittal of a registration/authorization request is subject to an additional convenience charge required to electronically process fee transaction.~~

Up-Front Payment of Fees for Extended Duration Permit Coverage

~~Annual Base and Additive Fees for registrations/authorizations and major modifications can be tabulated and paid for annual coverage increments at one time for up to a maximum 5-year coverage duration.~~

~~Note 1: This fee is in addition to the scrap tire transporter permit fee for a transporter acting as a processor. A SWDF or Class Two Receiver shall pay this fee only for a processor permit.~~

~~Note 2:~~ Note 1: A limited-use transporter permit is available to property owners remediating a scrap tire pile on their own property, and shall be issued for a limited amount of time and under conditions as prescribed by ADEM.

See ADEM Admin. Code r. 335-4-3-.03(b) for definitions of processors.

**Fee Schedule J  
Environmental Covenants Fees**

<u>Type of Activity</u>	<u>Initial Issuance</u>	<u>Modification</u>
Processing and Review Fee		
Institutional Controls	<del>\$2,000</del> <u>2,380</u>	<del>\$500</del> <u>595</u>
Engineering Controls	<del>\$3,000</del> <u>3,570</u>	<del>\$750</del> <u>895</u>
Registry Recording Fee		
For Class 1 controls*	<del>\$6,400</del> <u>7,615</u>	<del>\$300</del> <u>355</u>
For Class 2 controls*	<del>\$1,400</del> <u>5,235</u>	<del>\$300</del> <u>355</u>
For Class 3 controls*	<del>\$2,450</del> <u>2,915</u>	<del>\$300</del> <u>355</u>

\* - For classification of institutional and engineering controls, see ADEM Admin. Code r. 335-5-1-.03(h).

Registry Recording Fee also includes costs of performing inspections for a 30-year period.

For sites utilizing both institutional controls and engineering controls, the processing and review fees shall be the greater of the applicable fees.

For sites with more than one classification of institutional or engineering control, the registry recording fee shall be the greater of the applicable fees.

For a property or site containing multiple individually deeded parcels covered by one or more similar covenants, the owner or operator may pay all applicable fees listed in Fee Schedule J or the owner or operator or other responsible party may include a provision in an order or agreement executed between the owner or operator or other responsible person and the Department to pay fees as provided in 335-5-1-.06(e).

APA-6  
11/96

**ECONOMIC IMPACT STATEMENT  
FOR APA RULE  
(Section 41-22-23(f))**

Control No. **335** Department or Agency **Environmental Management**

Rule No: **335-1-6-.04; 335-1-6-.07**

Rule Title: **Permit Application Fees; Payment of Fees (Schedules A-J)**

       New        **X**   Amend             Repeal             Adopt by Reference

       This rule has no economic impact.

  **X**   This rule has an economic impact, as explained below:

1. NEED/EXPECTED BENEFIT OF RULE:

To recover the cost of the Department for permitting activities and to allow the Department to retain sufficient resources in the various permitting programs.

2. COSTS/BENEFITS OF RULE AND WHY RULE IS THE MOST EFFECTIVE, EFFICIENT, AND FEASIBLE MEANS FOR ALLOCATING RESOURCES AND ACHIEVING THE STATED PURPOSE:

Increases in permitting fees allows the Department to collect additional fees and provides for adequate funding of the permitting programs. Collection of additional fees shall be in the same manner as existing fees and no additional resources will be expended by the Department for collection of the fee increases.

3. EFFECT OF THIS RULE ON COMPETITION:

The rule change should not have any effect on competition. The permit fee increase is uniformly applied.

4. EFFECT OF THIS RULE ON COST-OF-LIVING AND DOING BUSINESS IN THE GEORGRAPHICAL AREA WHERE THE RULE IS TO BE IMPLEMENTED:

The amendment to the existing rule minimally if at all effects cost-of-living increases and should have very little impact on business.

5. EFFECT OF THIS RULE ON EMPLOYMENT IN THE GEOGRAPHICAL AREA WHERE THE RULE IS TO BE IMPLEMENTED:

The permit fee increases (based upon cost-of-living increases and general fund budget cuts) should have no negative effect on employment in Alabama.

6. SOURCE OF REVENUE TO BE USED FOR IMPLEMENTING AND ENFORCING THIS RULE:

Increase in permit fees will be used to provide adequate resources in the Department's permitting programs.

7. THE SHORT-TERM/LONG-TERM ECONOMIC IMPACT OF THIS RULE ON AFFECTED PERSONS, INCLUDING ANALYSIS OF PERSONS WHO WILL BEAR THE COSTS AND THOSE WHO WILL BENEFIT FROM THE RULE:

The short and long term economic impact is negligible. The permit fee increases are ~19% and normally permits cover a 5-year period. However businesses will benefit by the Department being adequately funded and providing the timely issuance of permits.

8. UNCERTAINTIES ASSOCIATED WITH THE ESTIMATED BENEFITS AND BURDENS OF THE RULE, INCLUDING QUALITATIVE/QUANTITATIVE BENEFITS AND BURDEN COMPARISON:

The economic burden to business is negligible as compared to the benefit of receiving permits (necessary for conducting business) in a timely manner.

9. THE EFFECT OF THIS RULE ON THE ENVIRONMENT AND PUBLIC HEALTH:

The environment and public health will be positively effected by this rule. The Department will be adequately staffed in the permitting programs thereby providing timely reviews and issuance of permits that are protective of the environment and public health.

10. DETRIMENTAL EFFECT ON THE ENVIRONMENT AND PUBLIC HEALTH IF THE RULE IS NOT IMPLEMENTED:

If the Department is not staffed adequately to review and issue permits protective of the environment, creating delays could have a negative impact on the environment and public health, allowing unpermitted discharges, illegal dumping, unavailability of public drinking water, etc.
