 - (c) Provide opportunities for students to regularly participate in the development and evaluation of the program.
- (9) Faculty are accountable for curriculum development, implementation, and evaluation.
- (10) The curriculum of a nursing education program shall:
- (a) Enable the student to develop the nursing knowledge, skills and abilities required for entry level practice, consistent with the scope and standards of nursing practice.
 - (b) Comply with the standards set forth in this chapter.
 - (c) Be evidence-based, and outcome-focused.
 - (d) Provide theoretical and clinical experiences specific to the expected scope of practice of graduates from each type of entry level nursing education program and shall include:
 - (i) Content for students to attain knowledge and competence in providing a safe and effective care environment based on the practice analysis of the National Council of State Boards of Nursing and the Board of Nursing standardized procedure annual report as well as the results of the systematic plan of evaluation.
 - (ii) Prevention of illness.
 - (iii) Maintenance, promotion, and restoration of health.
 - (iv) Psychological integrity of individuals across the life span.
 - (v) Clinical reasoning skills to assist in recognizing, analyzing, and applying relevant knowledge and skills to nursing care.
 - (vi) Clinical learning experiences to provide opportunities for students to develop cognitive, psychomotor, and affective skills in the provision of nursing care.
 - (e) The curriculum content of a nursing education program shall include:
 - (i) Liberal arts and sciences supportive of the nursing program.
 - (ii) Anatomy and physiology with a corresponding lab.
 - (iii) Nursing foundations, pharmacology, nutrition, and community-based nursing.
 - (iv) History and trends of nursing, cultural diversity, legal and ethical responsibilities, and nursing practice responsibilities including leadership, management, delegation, and health care delivery systems.
 - (v) Theory and clinical learning experiences in the areas of adult, maternal, child, and psychiatric/mental health nursing that includes any form of simulation, laboratory time and direct patient care.
 - (vi) Safe and Effective Care Environment, Health Promotion and Maintenance, Psychosocial Integrity and Physiological Integrity.
- (11) The governing institution, nursing program administrator, and nursing faculty are accountable for selecting and evaluating the teaching methods, delivery modalities, and processes used to achieve expected program outcomes.
- (12) Clinical supervision of students shall comply with the standards set forth in this Chapter.
- (a) Clinical activities shall be supervised by a registered nurse who is knowledgeable of educational strategies and subject matter, and is experienced in the clinical technologies essential to the safe practice of nursing.
 - (b) The registered nurse shall hold an unencumbered license to practice professional nursing in Alabama.

(c) The clinical supervisor shall be readily accessible to assign or prescribe a course of action, give procedural guidance, direction and evaluation for students engaged in the clinical learning experience.

(d) The faculty-student ratio in clinical practice shall be collaboratively determined by the professional nursing faculty, the School of Nursing administration and the professional nurse administrator, or designee, in the clinical agency. In licensed hospitals that provide inpatient acute care, the faculty to student ratio shall not exceed 1:8 during clinical learning experiences. The faculty-student ratio shall be determined according to the:

(i) Complexity of the educational experience.

(ii) Acuity of the patient(s).

(iii) Physical layout of the clinical setting.

(iv) Student's level of knowledge and skills to provide safe patient care.

(e) The nursing education program shall work with clinical agencies for the planning, implementation, and evaluation of clinical experiences.

(f) Clinical learning experiences shall include the development of skills in clinical judgments, management of care for groups of patients, delegation to, and supervision of other health care personnel.

(g) Nursing faculty shall maintain responsibility and accountability for planning, implementation, and evaluation of all student clinical learning experiences.

(13) Nursing programs that offer only simulations or clinical testing do not meet the requirements for providing clinical learning experiences for nursing students.
