80-13-9.-03 Requirements For Registration As Measuring Device

Serviceman. The Department will review and examine the qualifications of each person applying for registration as a measuring device serviceman. This includes field test measures of an approved type. Applicants' test measures must be calibrated at least once each year or more often by the Weights and Measures Laboratory of the Department or proper authorities of another state which can show traceability to the National Bureau of Standards. If a firm applies for registration of more than one serviceman, an application must be made for each serviceman.

It will be necessary for an applicant to have available on site sufficient field test measures of approved type (See Handbook 1052 and 1053) and calibration to test any liquid measuring device in the category for which registered in accordance with NBS Handbook No. 44 and NCWM Publication No. 12 Examination Procedure Outlines for Commercial Weighing and Measuring Devices. The above field test measures must be available for each applicant and not just one per firm.
