PERSONNEL STANDARDS COMMISSION  
ADMINISTRATIVE CODE

CHAPTER 360-X-15  
REQUIREMENTS FOR CERTIFIED INDUSTRIAL FIRE BRIGADE

TABLE OF CONTENTS

- 360-X-15-.01 Incipient Industrial Fire Brigade Member  
360-X-15-.02 Advanced Exterior Industrial Fire Brigade Member  
360-X-15-.03 Interior Structural Industrial Fire Brigade Member  
360-X-15-.04 Industrial Fire Brigade Leader
- 360-X-15-.01 Incipient Industrial Fire Brigade Member.
- (1) Requirements
- (a) Candidate
1. A candidate must be physically able to perform the tasks associated with fire brigade training.
2. The minimum age requirement is 18 years.
3. Prior to certification, the candidate shall meet the general knowledge, skill, performance and additional requirements as set out in Chapter 4 of NFPA 472.
- (b) Instructor
1. This course must be taught by an instructor who has been certified by the Commission as a Fire Instructor.
- (c) Facility
1. This course will be taught at a facility which is in possession of minimum resources required for at least temporary approval.
- (d) Examination
1. The instructor shall administer to the candidate a written test prepared and distributed to the instructor by the Commission at the end of each subject area of the course. The candidate must perform successfully on each subject area examination.
2. The practical skills identified in the Industrial Fire Brigade Teaching Outline for this level of training should

be utilized by the candidate and by the instructor to prepare the candidate to the level required to meet competency standards identified in the Teaching Outline either as specified levels of excellence and/or time evaluation. At the end of each learning experience, as the candidate performs the evaluations or skills as identified in the instructor guide, the evaluator shall record the results of the candidate's performance on the progress report.

3. There will be an examination for state certification provided by the Alabama Fire College and Personnel Standards Commission.

4. No person may be re-examined without complying with all requirements set forth by the Alabama Fire College and Personnel Standards Commission. This includes a learning experience in each subject area and successful completion of local subject area examinations. To be re-examined in the state certification written examination at this level does not require a re-examination of the manipulative skills portion if the individual has passed this portion. A candidate may re-take the examination for a level of certification one (1) time after 30 days, and not to exceed 12 months, from the date of the first examination.

5. The certification expires one (1) year from the date the person leaves the fire brigade.

6. All certification testing, to include re-testing, must be completed within 12 months of the course completion date.

(2) Administration

(a) Scope

1. This standard identifies the professional levels of competence required of the Incipient Industrial Fire Brigade Member.

(b) Purpose

1. The purpose of this standard is to identify the minimum requirements of professional competence required for service as an Incipient Industrial Fire Brigade Member.

2. It is not the intent of this standard to restrict any jurisdiction from exceeding these minimum requirements.

(c) General

1. Each of the performance objectives for the Incipient Industrial Fire Brigade Member shall be performed swiftly, safely and with competence. Each objective shall be met in its entirety.

2. The brigade member shall meet all of the objectives for Incipient Industrial Fire Brigade Member as

outlined in the Teaching Outline before being certified at that level.

3. It is not required for the objectives to be mastered in the order they appear. The Alabama Fire College and Personnel Standards Commission shall establish the instructional priority and the training program content to prepare individuals to meet the performance objectives of this standard.

(3) Objectives

(a) The objectives of this standard are based on the ability of the Incipient Industrial Fire Brigade Member to demonstrate knowledge and skills as outlined in the Alabama Fire College and Personnel Standards Commission Teaching Outline for Industrial Fire Brigade Member, current edition.

(2) Administration

(a) Scope

1. This standard identifies the professional levels of competence required of the Advanced Exterior Industrial Fire Brigade Member.

(b) Purpose

1. The purpose of this standard is to identify the minimum requirements of professional competence required for service as an Advanced Exterior Industrial Fire Brigade Member.

2. It is not the intent of this standard to restrict any jurisdiction from exceeding these minimum requirements.

(c) General

1. Each of the performance objectives for the Advanced Exterior Industrial Fire Brigade Member shall be performed swiftly, safely and with competence. Each objective shall be met in its entirety.

2. The brigade member shall meet all of the objectives for Advanced Exterior Industrial Fire Brigade Member as outlined in the Teaching Outline before being certified at that level.

3. It is not required for the objectives to be mastered in the order they appear. The Alabama Fire College and Personnel Standards Commission shall establish the instructional priority and the training program content to prepare individuals to meet the performance objectives of this standard.

(3) Objectives

(a) The objectives of this standard are based on the ability of the Advanced Exterior Industrial Fire Brigade Member to demonstrate knowledge and skills as outlined in the Alabama Fire College and Personnel Standards Commission Teaching Outline for Industrial Fire Brigade Member, current edition.
