(1) SCOPE – This regulation explains the requirements for software vendors to obtain approval to provide software that allows fiduciary tax returns to be electronically filed through the Alabama Business Modernized E-File program.

(2) Software developers are required to obtain prior approval from the Department by submitting sample Alabama electronic fiduciary income tax returns prepared by and transmitted by their software products during the testing time period provided by the ADOR.

(3) Software developers are required to complete the Business MeF Software Intent to Participate and Agreement on an annual basis.
